Record of Achievement

Simon Li

E-mail: sli@globeandmail.ca

has successfully completed the following openSAP course:

Object-Oriented Programming in Java

Instructors: Christiane Hagedorn, Ann Katrin Kuessner, Thomas Staubitz, Ralf Teusner

This six-week online course was held from June 13 through July 26, 2018. It comprised 6-8 hours of learning effort per week, 5 weekly assignments, a final exam, practical programming exercises, and a team task.

The course covered the following topics:

- Java Programming Foundations: Program Design, Control Structures
- OOP Foundations: Classes, Objects, Encapsulation
- Advanced OOP Concepts: Inheritance, Association, Composition, Polymorphism
- Modeling Techniques: UML Class Diagrams, CRC Cards
- Outlook on Software Development: IDEs, Version Control, Testing, Refactoring

Maximum score possible for this course: 200 points.

The candidate scored 200.0 points (100.0%) by working on weekly assignments and weekly collaborative activities.

The candidate belongs to the top 5% of the course participants.
